

Great Britain Amputee Football

World Cup 2010

In October 2010 the Great Britain Amputee Football team is due to take part in the World Amputee Football Federation World Cup, to be held in the City of Crespo, Argentina.

GBAF needs to raise £20k to enable them to participate in the event and fulfill their dream of becoming world champions.

EAFa has arranged some fundraising events including an international warm up game between GBAF & France on 5th June which the team won comfortably, but we need your support to make the difference and help the team achieve their goal.

England Amputee Football Association

Great Britain Amputee Football is supported and run by the England Amputee Football Association, Charity No. 328551. Our aim is to provide amputees, those with congenital deficiencies & other limb affected disorders, with footballing opportunities across the country.

Registered charity number 328551
